Re: Docket No. 98N-1265

Gentlemen:

At the February 1999 board meeting, the members of the Missouri Board of Pharmacy reviewed the notice published in the *Federal Register* regarding the "Memorandum of Understanding on Interstate Distribution of compounded Drug Products."

After a review of the information, it was the Board's opinion that the percentages mentioned on Page 13, in Section C. 1. b. of the Draft MOU were very low and should be increased. The Board suggests that the figure of 5% and 20% mentioned in this section, be changed to 25% and 50% respectively.

Thank you for the opportunity to comment.
